

■ Daily English Study Plan (30 Minutes a Day)

This plan is designed for intermediate English learners to improve grammar, speaking, vocabulary, writing, and listening every day. Consistency is key — 30 minutes a day can make a big difference!

■ Grammar Practice – 5 minutes

Choose one grammar topic per week (e.g., present perfect). Do short exercises or read examples. Example: 'I have eaten breakfast.' vs. 'I ate breakfast.'

■■ Speaking Practice – 10 minutes

Pick a daily topic (e.g., hobbies, work, yesterday's activities). Speak aloud or record yourself. Focus on fluency and pronunciation.

■ Vocabulary Building – 5 minutes

Learn 5–10 new words daily. Write one sentence for each. Example: 'I admire people who work hard.'

🏠 ■ Writing Practice – 5 minutes

Write a short paragraph using new words and grammar. Example: 'Today I studied English for 30 minutes. I feel more confident every day.'

■ Listening or Reading – 5 minutes

Watch or read short English content. Note 2–3 new phrases. Example sources: BBC Learning English, YouTube, English podcasts.
